

# PEDAL BOARD BUILDS

Rusty's is proud to offer custom pedal board builds to our customers who want a professional looking board.

Working alongside our staff we lay out your board for maximum cleanliness and functionality while maintaining the ease of use of your stomp paradise.

Each board is secured with hook & loop material and has cabling installed neatly under the chassis of the board.

**PT Nano / Mono Lite / Small boards \$65**

**PT Metro / Rockboard / Larger boards \$75**

*Prices do not include extras: LEDs, power supplies, cabling, and/or cases*

*We offer cabling from Ernie Ball and Rattlesnake cables.*

*Power supplies from Strymon Ojai, R300, and Zuma.*

*Pedal Boards and Cases from Mono.*
